

Rubber Adhesive Tape

Pre-Mag

Rubber Adhesive Tape

Flexible Magnetic Fastener

Magnetic tape is a permanent flexible magnetic material available in strip and extrusion forms. Magnetic tape provides a convenient, reusable solution for attaching, connecting, and working with countless items.

Our self-adhesive magnetic strip tape is made in the USA using advanced manufacturing processes and quality raw materials. It provides superior holding power and excellent workability, making it a more effective alternative to ceramic magnets for complex applications. This product also undergoes a state-of-the-art magnetization process for incredible holding power.

Applications

- ▶ Novelties
- ▶ Floor signs
- ▶ Bin markers
- ▶ Nameplates
- ▶ Menu boards
- ▶ Exhibit booths
- ▶ Classroom use
- ▶ Toys and games
- ▶ Schedule boards
- ▶ Instruction boards
- ▶ Warehouse labeling
- ▶ Advertising displays
- ▶ Arts, crafts and hobbies
- ▶ POP displays

Weights & Sizes

Rolls

Weight			Magnetization	Size
60mil	Indoor	magnetized 10ppi	pre-mag	0.5" x 100'
		magnetized 10ppi	pre-mag	1.0" x 100'
		high strength magnetized 10ppi	pre-mag	1.0" x 100'
